3. May I submit multiple applications?

Are you interested in several job openings and believe that your skills and knowledge would work with several positions? Then, feel free to submit multiple applications. Please apply for each job position separately using the online form found on our career page, or clearly identify in your cover letter the positions for which you wish to apply (e.g. in the subject line).

4. Is it possible to send you an unsolicited application?

There isn't a suitable open position in our current offerings, but you feel that your experience and qualifications would be a good fit for us? Then, take the initiative and send us your unsolicited application.

5. Is it possible to withdraw my application, and if so, what happens to my information?

Naturally, you may withdraw your application at any time. Simply notify us via post or give us a call. Your personal data will then be deleted as conforms to the law.

6. What can I do if I still haven't received a response after waiting a while?

In the event that it is taking longer to process your application, you will receive a separate notification that there has been a delay in the selection process. Depending upon the season, this could be due to holiday times or unexpected illnesses, etc.
We appreciate your patience. You may enquire about the status of your application at any time.
